

Contents

UNIT 1 INTRODUCTION

Chapter 1: Importance and Relevance of Microbiology in Nursing	3
Chapter 2: History of Microbiology	7
Chapter 3: Concepts and Terminology	20

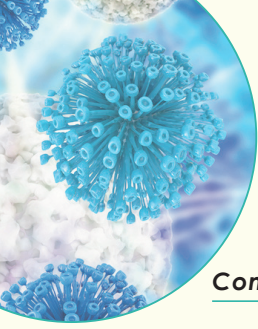

UNIT 2 GENERAL CHARACTERISTICS OF MICROBES

Chapter 4: Classification of Bacteria	31
Chapter 5: Morphology of Bacteria	40
Chapter 6: Colonization	53
Chapter 7: Effect of Heat and Cold	57
Chapter 8: Growth and Nutrition of Microorganisms	63
Chapter 9: Blood and Body Fluids	72
Chapter 10: Laboratory Methods for Identification of Microorganisms	80
Chapter 11: Microscopes	87
Chapter 12: Staining Techniques	94
Chapter 13: Culture: Various Media	101

UNIT 3 INFECTION CONTROL

Chapter 14: Disinfection and Sterilization	111
Chapter 15: Biomedical Waste Management	130
Chapter 16: Asepsis	139
Chapter 17: Chemotherapy and Antibiotics	146
Chapter 18: Hospital-Acquired Infections	156
Chapter 19: Infection: Sources, Portal of Entry, Exit and Transmission	166

Contents

Chapter 20: Standard Safety Measures ----- 176

Chapter 21: Protocols, Collection of Samples and Preparation of Report and Status ----- 182

UNIT 4 PATHOGENIC ORGANISMS

SECTION 1: SYSTEMATIC BACTERIOLOGY

Chapter 22: Staphylococcus ----- 195

Chapter 23: Streptococcus ----- 203

Chapter 24: Streptococcus Pneumoniae ----- 211

Chapter 25: Bacillus Anthracis ----- 215

Chapter 26: Corynebacterium Diphtheriae ----- 220

Chapter 27: Clostridium ----- 226

Chapter 28: Mycobacterium ----- 241

Chapter 29: Neisseria ----- 252

Chapter 30: Haemophilus Influenzae ----- 260

Chapter 31: Pseudomonas Aeruginosa ----- 264

Chapter 32: Escherichia Coli ----- 268

Chapter 33: Bordetella Pertussis ----- 274

Chapter 34: Brucella Abortus ----- 277

Chapter 35: Salmonella Typhi ----- 280

Chapter 36: Shigella Dysenteriae ----- 285

Chapter 37: Vibrio Cholerae ----- 289

Chapter 38: Yersinia Pestis ----- 294

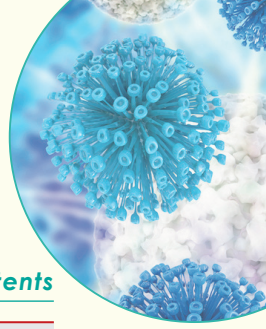

Chapter 39: Spirochaetes ----- 299

Chapter 40: Rickettsiae ----- 307

Chapter 41: Mycoplasma and Ureaplasma ----- 314

Chapter 42: Chlamydia Trachomatis ----- 318

SECTION 2 VIROLOGY

Chapter 43: Viruses—General Characteristics ----- 325

Chapter 44: Viral Diseases – 1 ----- 334

Chapter 45: Viral Diseases – 2 ----- 342

Chapter 46: Viral Diseases – 3 ----- 351

Chapter 47: Viral Diseases – 4 ----- 364

SECTION 3 MYCOLOGY, PARASITOLOGY RODENTS AND VECTORS

Chapter 48: Medical Mycology ----- 383

Chapter 49: Parasitology ----- 399

Chapter 50: Rodents and Vectors ----- 432

UNIT 5 IMMUNOLOGY

Chapter 51: Immunity— Types and Classification ----- 441

Chapter 52: Antigen and Antibody Reactions ----- 451

Chapter 53: Hypersensitivity ----- 472

Chapter 54: Immunoprophylaxis ----- 485

Index ----- 499
